

Backed by decades of experience, the **Aria™ FIT: AP** fits your footprint, budget, and project schedule.

Pall Water offers 3 new platforms of water filtration systems, which standardize our offerings and allow you to quickly choose only the equipment you need.

The new AP packaged systems, which all fall under the Pall Water **Aria FIT** platform, come in 3 different sizes: FIT AP4, FIT AP6, and FIT AP8, designed to fit your water processing needs. With our new plug and play approach, your system can be configured quickly with shorter lead times to on-site delivery and less hassle in the design phase.

Furthermore, the new line ensures a smaller footprint which saves you considerable operating and capital costs. These systems come standard with our Aria™ SMARTBOX monitoring system for real-time insights on your system's performance anytime, anywhere, on any device. The new Aria FIT AP line provides you access to your system at all times, backed up by Pall Water's best-in-class Aria™ CARE service and support team.

#### APPLICATIONS

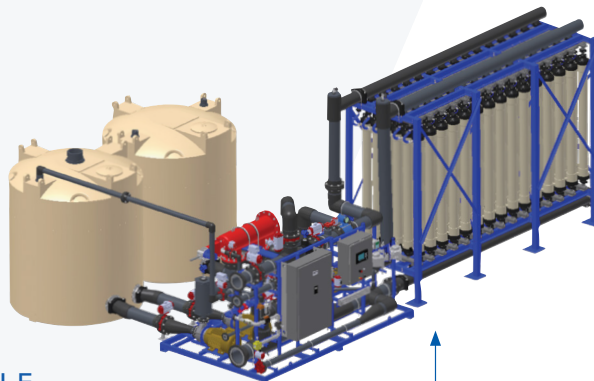

- Incoming Water
- Boiler Feed Water
- Desalination
- Injection Water
- Discharge Water
- Drinking Water
- Cooling Tower Blowdown
- Coal Seam/Bed Methane

#### SEGMENTS

- Petroleum & Refining
- Power
- Mining
- Food & Beverage
- Oil & Gas
- Municipal

#### MODULAR DESIGN

Plug-and-play architecture allows easy configuration to your water site

#### SMARTBOX CAPABLE

Fully automated, intelligent operation with intuitive controls for simple and remote performance monitoring

#### RELIABLE PERFORMANCE

Proven track record with best in-class MF and UF technology and service and support

#### FOOTPRINT REDUCTION

Save critical space at your site

## ARIA FIT: AP CAPACITY CONFIGURATIONS

AP SERIES MODELS	AP4	AP6	AP8
<b>Min. Flow Rate</b>	150 GPM (34 m <sup>3</sup> /hr)	350 GPM (80 m <sup>3</sup> /hr)	700 GPM (160 m <sup>3</sup> /hr)
<b>Max. Flow Rate</b>	500 GPM (113 m <sup>3</sup> /hr)	800 GPM (182 m <sup>3</sup> /hr)	1600 GPM (363 m <sup>3</sup> /hr)

## INTEGRATED SERVICE & SUPPORT

The Aria SMARTBOX is just one element of the integrated service package that Pall Water can deliver. Additionally, the Pall Water service team provides:

- System health checks
- Process optimization
- Operator training
- Membrane module replacements
- Spare parts and supplies
