

**CUSTOM
WATER TREATMENT
SOLUTIONS**

For over 20 years, Pall Water has provided municipal and industrial customers with reliable water treatment solutions to meet their most complex water challenges. For your specific needs, Pall Water has developed a family of customized, membrane-based water treatment solutions.

Our Aria FLEX systems are intelligently designed to solve the most challenging water treatment needs, no matter the size. Fully customizable, the FLEX can be adapted to address today's most critical applications and scale to meet any capacity requirement.

QUICK FACTS

- Processing over 1,500 MGD / 7 million m³ of water every day
- Over 1,200 Aria systems sold globally
- Over 70,000 modules installed
- Over 3,800 years of combined systems operation

CUSTOMIZED WATER TREATMENT SOLUTIONS

Pall Water has a proven track record for providing comprehensive water treatment solutions to municipalities and industrial customers around the globe. We provide solutions for various applications, such as:

Municipal

- Drinking water
- Water reuse and recycling
- Wastewater treatment
- Desalination

Industrial

- Water reuse and recycling
- RO and IX pre-treatment
- Boiler feed water
- Cooling tower feed water
- Mining and process water

FLEXIBLE DESIGNS

The **Aria™ FLEX** systems are optimized to produce anywhere from 2 MGD (8 MLD) to 50+ MGD (200+ MLD), making these systems ideal for mid- to large-scale applications.

Our custom systems deliver:

- **Flexibility:** Custom designed to meet the most challenging water treatment needs
- **Scalability:** Modular approach allows for systems to be scaled to accommodate any capacity
- **Reliability:** Robust system design to ensure consistent operation
- **Ease of Use:** Automated controls and intuitive interfaces simplify operation

PROVEN PERFORMANCE

Built to deliver the reliability and robustness Pall Water is known for, you can trust the FLEX system to treat all your surface water, groundwater, wastewater, and re-use water. Systems are engineered to eliminate contaminants and deliver pure water for drinking, industrial processes, discharge, and other vital uses.

CUSTOMER SERVICE

Pall Water's **Aria™ CARE** service team is here to support you around the clock. Our expert technicians will be with your system throughout its life cycle, beginning with installation and commissioning. Additional 24/7 phone support is also provided for ongoing assistance. Annual Health Checks, comprehensive Service Contracts, and more support tools are available upon request.
